

Association Communications week 7

19 Feb 2021

Dear associations,

It's been a tumultuous week with a sudden Level 3 lockdown for Auckland and a swift move to Level 2. Our events have, so far, not been affected and we hope a move to Level 1 will be granted very soon. Any events that might not go ahead due to Alert Levels will be communicated as soon as possible. Please stay vigilant in scanning and hygiene and reminding your clubs and communities to do this too.

Update of information

A request to all club managers that they please update all their information (contact details, persons in charge of each club) in Friendly Manager. Friendly Manager is our CRM system and we need it to be accurate to provide clubs with information.

NZSSVC and satellite competition

NZSSVC is coming up quick. The registration is open until the 1st of March. Please use the below form to register.

More information can be found on the VNZ website.

This year there is also a satellite tournament at North Harbour. The NISS is a satellite tournament of the NZSSVC for Senior Secondary Schools in the north island (year 11-13) that are looking for another option to compete during Summer Tournament Week. This is an open tournament that aims to increase participation of schools that do not compete in nationals. We recommend that your top teams still participate in the NZSSVC.

Development camps

We have been able to confirm Development Camps for April. The North Island Camp will be held at the Peak in Hamilton on the 22nd-23rd of April. The South Island Camp location is still to be confirmed but we will confirm that shortly

National Volleyball League

The new National Volleyball League (NVL) will be launched in July and be held over 2 full weekends. Four Men's and Women's teams representing the 4 zones across NZL will vie for the title of New Zealand National Volleyball League Champions. New Zealand's best athletes will play against each other in a compact competitive event. Games will be livestreamed and will run back-to-back, all at the same venue using the international portable court which will create an awesome live atmosphere. Below are links to register the EOI. Please promote this to your clubs.

Online Local Referee Course

Just a reminder we have the local referee's course as an online course now. With NZSS coming up very quickly, this is a great resource for senior students to use to learn about refereeing before they get thrown in the deep end refereeing matches. We do have the capacity to generate coupon codes for clubs or schools to ensure their students aren't having to pay for the \$5 course themselves, which means we can just invoice the school or the club in bulk. Contact Dave, development@volleyballnz.org.nz if you want information on this, and the course link is here: <https://volleyball-new-zealand.teachable.com/p/local-referee-course>
